# NO GAMBLING IN THE TERRITORIES.

**House of Representatives Passes** A Bill for That Specific Purpose.

CAUSES SOME SHARP SHOTS.

It is Aimed More Particularly at Arizona and New Mexico.

Washington, Feb. 19.-Three bills passed under suspension of the rulesrequiring a two-thirds vote-in the house today.

The first makes gambling unlawful in the territories of the United States, including Arizona, New Mexico, Oklahoma, Indian Territory and Alaska. The bill was directed particularly at Arizona and New Mexico, where it was stated gambling was licensed.

The second provides additional work for the census bureau by requiring statistics to be taken on insurance, fisheries, electrical industries, savings banks and crimes.

banks and crimes.

The third appropriates \$50,000 for the purchase of 300 acres of coal lands on the Island of Batan, one of the Philippine archipelago group.

Stating that in Arizona and New Mexico and other territories gambling is licensed, Mr. Littlefield (Me.), entered a motion to suspend the rules and pass a bill reported from the judiclary committee making gambling in

diclary committee making gambling in the territories illegal. The bill makes gambling a misdementor punishable by a \$3,000 fine and one year impris-

The bill classifies gambling as "faro monts, roulette, lansquenet, rouget et noir, ronde, tan, fantan, poker, seven-and-a-half, twenty-one, chuck-u-luck or any banking or percentage game, or any other kind of a game played with cards or dice."

Vigorous opposition was made by Delegate Mark Smith (Ariz.). "I do not wish it understood that I am here in sympathy with gambling," he began, "but I do protest against the gentleman from Maine, the furthermost point in the United States from my home, coming here to med-dle in our quarrels, when with prohibition in his own state there are 150 saloons open in the town of Bangor, Me. It is a prohibition that don't prohibit. I submit the gentleman should confine his philanthropies to his own state instead of spreading out over the

Southwest."

He declared that there was no pure motive behind the bill; that it was for the purpose of influencing Arizona for joint statehood.

Mr. Smith contended that the territorial assembly would prohibit gambling at its next session. He said he would ask unanimous consent to amend the bill so as to make it apply to "territory under the jurisdiction of the United States." He said this would include Alaska, the Philippines, Porto Rico, the District of Columbia and all other territories.

other territories.

In replying, Mr. Littlefield exhibit-ed considerable feeling. Speaking of Delegate Smith Mr. Littlefield said: "I tried to treat him like a gentleman, but the first thing he does is to meet me with a sneer. I do not propose to be swung aside on this debate on prohibition in Maine. He knows as little about that as the average gen-

Later Mr. Littlefield refused to allow Mr. Smith to interrupt him. This led to a second statement by Mr. Smith to make clear that he was not making a defense of gambling.

The bill was passed on a viva voce vote.

The bill, considered under suspension of the rules, appropriating \$50,000 for the purchase of certain lands on the island of Batan, P. I., brought on the island of Batan, P. I., brought Mr. Cooper (Wis.), up in support. He said the government spent about \$1,000,000 annually in the Philippines for coal. He said by the purchase of the coal lands it would save the government about \$400,000 annually. Opposition to the bill was made by Mr. Underwood, Mr. Madden (Iil.), and Mr. Slayden, (Tex.), on the ground that the price asked was too high and also that the government ought not to go into the coal mining business.

business.

Mr. Fitzgerald (N. Y.), said that should the bill pass the scheme was to lease the lands to Mr. Scott, president of the Union Iron works of San Francisco. "But this part of the plan does not appear in the bill," he said.

The bill was passed, 121 to 36. The house then adjourned until tomorrow.

#### THE WOMEN'S ANTI-"MORMON" MEMORIAL

Washington, Feb. 19 .- The first batch the expected flood of anti-Smoot petitions was presented in the senate today, numbering 12,084 from California women and 2,000 from Colorado. The petitions were presented in large letter filing boxes neatly bound and with strong brass clasps.

The boxes are labelled "The Women's Anti-Mormon Memorial," and also have printed on the cover the name of the state from which the peti-

tions come and the office mark of the Christian Herald, New York.

Accompanying each box of petitions is a handsomely printed memorial on imitation parchment. The memorial recites that whereas the evidence taken in the Smoot case shows that the Mormon the Smoot case shows that the "Mormon" hierarchy has broken every covenant between Utah and the general government; that Joseph F. Smith and his aposties have re-established polygamy and dominate the politics of Utah and adjoining states; that leed Smoot has broken faith with the government and if not in accord with the polygamous practises of his Church he could not retain his apostleship; that the continuation of Smoot in the senate would more firmly fasten the political control more firmly fasten the political control of the hierarchy; that conditions in Utah steadily grow worse and hier-archy tyranny and opposition more pronounced and violent; therefore, the women of the United States, repreestly petition the senate to immediately remove Smoot as a member, and ask it because the "Mormon" hierarchy has been proven perjured, disloyal, disobedient to the laws of the state and nation, and defiant of divine laws, and because the presence of Smoot in the senate is a menace to every home and every woman in the republic. The effect of the presentation of the petitions today was somewhat neutralized by the speeches of Senators Perkins and Patterson, which to a certain degree were favorable to Smoot. estly petition the senate to imme-

# SETTLEMENT FOR BENEFIT OF MILLIONAIRES' SONS.

Chicago, Feb. 20.—"Along with the other social settlements in Chicago let us open a settlement on the south side for the benefit of the millionaire's sons. Most of these rich young men are failures. The successful one, as we count success, is the exception. It seems to me that the rich are to be pitled."

Thus spoke Dr. Emit G. Hirsch of Sinal Tample in an address last night at the dedicatory exercises of the new Maxwe'l street Jewish settlement, at Twelfth and Clinton streets. Dr. Hirsch asserted that the charitable acts of rich men were efforts in many cases to compel the admiration of their friends. He emphasized the necessity of true philanthropy in settlement work and not mere charity on the part of the rich, who seek to secure praise for their own selfish enjoyment. "It is a privilege for the rich to have the chance to contribute to an institution of this kind," said Dr. Hirsch, "and when the founders of it allowed men to turn over to it dead money to become a power for good they were doing those rich men a favor. Charity as the word is known today is only a bribe of moneyed men to make a community forget the wrongs heaped upon it. Charitable people give money so that they may appear in the guise of a benefactor.

"In place of the word charity let us usb-stitute the word philanthropy. This is the better word. It means the love of mankind—not simply charity for mankind. It is this spirit that has moved the founders of all settlements. As a matter of fact, the people of the Ghetto here often are superior to the residents of the avenues and boulevards."

Dr. Delbruck Addresses German Once On Trade With the United States.

On Trade With the United States.

Berlin, Feb. 20.—At the banquet last night of the congress of German chambers of commerce, after a speech by Chancellor von Buelow, Dr. Delbruck, the Prussian minister of commerce and industry, discussed German trade relations with the United States. He said that he anticipated that the provisional extension of treaty duties between the two countries will arouse much criticism, but he repelled the assertion that it was the fault of the German government that no treat, had been made. "Why," Dr. Delbruck said, "did the government conclude this provisional agreement? Because our market cannot do without a considerable part of American products. Whom did we want to help? Our own industry."

Continuing, Dr. Delbruck said that German industry would be dependent upon the United States so long as the greater part of the world's cotten supply was grown there and so long as the chief part of the world's copper output is produced in the United States.

"See to it," he said, "that cotton is grown in our colonies and that copper be found there."

Denver, Colo., Feb. 19.—Leaving her seat in one of the boxes in the Crystal theater a few minutes after the opening of this afternoon's performance. Mrs. C. A. Weilder, said to be a resident of this city, made her way to the stage and, after flourishing a revolver for a moment in full view of the audience, discharged the weapon at her own person, inflicting a probably fatal wound. The woman fell gasping to the floor, but those in the audience who had not observed her movements prior to her approach to the stage, thought that the shooting was part of a burlesque act and made no outery. A moment later, however, the soreams of the performers in the wings brought a realization upon the audience that a realization upon the audience that a realization was picked up by the stage
